

A microscopic view of kidney tissue, showing various structures like glomeruli and tubules, stained in shades of purple and pink. The background is a dense network of these structures, with some larger, more complex structures on the right side.

# ¿Qué es la cistitis aguda?

Infección de la vejiga  
o vías urinarias debida  
a una infección,  
generalmente bacteriana,  
que no debe confundirse  
con **la candidiasis**.
